## MORITO SCOVILL

## **DOT® Durable™ Snap Fasteners**

316 "Marine Grade" Stainless Steel

## **Features and Benefits:**

- High Molybdenum content results in superior corrosive resistance, even in the most severe environments
- Ideal for salt water conditions
- Resists pitting and crevice corrosion when subjected to chloride environments and other harsh chemicals and cleaners
- Austenitic structure gives the components excellent toughness, even down to cryogenic temperatures
- Heavy duty 316 grade stainless steel raw material used in all components

## **Ordering Information**

PART NO.	DESCRIPTION	SPECIFICATIONS
93-ZN-10127U	Cap	1/4" barrel
93-ZN-10128U	Cap	11/64" barrel
93-ZN-10224U	Socket	Standard Action
93-ZN-10393U	Screw Stud, #8-15 Self-tapping	3/8" and 5/8" lengths
93-ZN-10934U	Screw Stud, #10-16 Self-tapping	3/8" and 5/8" lengths
93-ZS-10370U	Stud	5/8" flange diameter
93-ZS-10412U	Post	1/4" length
93-ZS-10413U	Post	5/16" length

Available in packs of 100 and 1,000 pieces. Bulk packaging also available.
