Grip It Strong with Gripper® Stainless Steel...

Scovill invented the versatile, industry leading Gripper® Snap Fastener more than 75 years ago. This stainless steel product line offers strength, durability and performance especially in industrial, medical, hospitality, culinary and other applications such as medical garments and uniforms.

- Ability to withstand heavy industrial laundering
- Sturdy construction and maximum value
- Multiple metal finishes and cap options and colors

Snap It Tight with Mighty Snaps® and Maxi Snaps™ ...

These snap fasteners provide superior holding strength for work garments that must meet the toughest performance standards. Our Mighty Snap® and Maxi Snap™ fasteners are available in various snap actions and cap options for a range of Workwear and Careerwear applications.

- Industry standard finishes and custom finishes are available
- Cycle testing ensures consistent snap action throughout the life of the garment
- Suitable for heavy foundations

Button It Best with Duramark® ...

Duramark® products hold tight in active work environments and through everyday washing and wearing. Many can also be produced for fire retardant specifications, and UL certifications are available.

- Can be custom designed with your logo
- Wide variety of standard designs and finishes
- Stainless Steel option available for heavily laundered garments

Please visit UL.com for a full list of Scovill UL Certified products.

Morito Scovill

Ideal for Workwear and Careerwear...

Morito Scovill has become a world leader in providing a wide range of fasteners that meet the quality and durability needs of the Workwear and Careerwear industries. We offer products that are made to meet rigorous US and EU quality and safety standards. Rely on our industry experience, customer service and collaborative approach to help you create durable clothing for your customers.

- US-based manufacturer with global supply chain
- Fastener design support
- Product samples readily available
- Hundreds of finish colors and textures

Customer-Centered Solutions To Support Your Needs...

Morito Scovill is always ready to help our customers throughout the fastener selection process and beyond. Our US-based global headquarters coordinates with our facilities around the world to provide partnership every step of the way.

We offer:

- In-house product testing and quality control
- 3D artwork within 24 to 48 hours of request
- Selection of automatic, semi-automatic and manual attaching machines to meet your specific needs and applications
- Responsive global technical support in the field for attaching machines and tooling
